DESCRIPTION AND USE: THIS PROCEDURE PROVIDES INFORMATION AND INSTRUCTIONS TO ASSIST TAX COLLECTOR EMPLOYEES, LICENSE PLATE AGENCY EMPLOYEES, AND THE DEPARTMENT OF HIGHWAY SAFETY AND MOTOR VEHICLES IN PROCESSING APPLICATIONS FOR A CERTIFICATE OF TITLE TO MOTOR VEHICLE, MOBILE HOME, MOTORCYCLE, OR TRAILER ASSEMBLED FROM PARTS.		
<p>I. PROVISIONS OF LAW:</p> <p>Section 319.14(1)(c)4, Florida Statutes, reads: "Assembled from parts" means a motor vehicle or mobile home assembled from parts or combined from parts of motor vehicles or mobile homes, new or used. "Assembled from parts" does not mean a motor vehicle defined as a "rebuilt vehicle" in subparagraph 3, which has been declared a total loss pursuant to s. 319.30, Florida Statutes.</p> <p>Section 319.23, Florida Statutes, provides for the application and issuance of certificates of title for motor vehicles and mobile homes.</p> <p>Section 319.30(3)(b), Florida Statutes, provides for the issuance of a certificate of destruction in lieu of a salvage unbuildable title. Motor vehicles or mobile homes with certificates of destruction (or salvage unbuildable titles issued prior to 10/01/00) are only good for parts or scrap. When such motor vehicle or mobile home is disassembled and acquired for parts, such parts may be used in assembly of various motor vehicles.</p> <p>Section 319.30(8)(c), Florida Statutes, states "For the purpose of enforcement of this section, the department or its agents and employees have the same right of inspection as law enforcement officers as provided in s. 812.055."</p> <p>Section 319.32(1), Florida Statutes, provides that if an application for a certificate of title is for a vehicle that is required by s. 319.14(1)(b) to have a physical examination, the department shall charge an additional fee of \$40 for the initial examination and \$20 for each subsequent examination.</p> <p>Section 319.33(5), Florida Statutes, provides for any approved replacement manufacturer's identification number plates or serial plates or any decal to be issued by the department or any state.</p>

PROCEDURE # TL-43	SUBJECT: APPLICATION FOR A CERTIFICATE OF TITLE FOR A MOTOR VEHICLE, MOBILE HOME, MOTORCYCLE OR A TRAILER ASSEMBLED FROM PARTS
---------------------------------	--

II. GENERAL INFORMATION:

ASPT (assembled from parts) is a designation for motor vehicles, mobile homes, motorcycles, trailers and off-highway vehicles that are assembled from parts of other motor vehicles, mobile homes, motorcycles, trailers or off-highway vehicles, new and used, and placed on an existing frame or a frame that is homemade. A three-wheel motorcycle made from a motor vehicle is also designated as ASPT.

Motor vehicles, mobile homes, motorcycles, trailers and off-highway vehicles must be in their completed state before applying for a certificate of title. ASPT applications must be submitted to a Division of Motorist Services (DMS) Regional Office in the applicant's region.

The applicant should be prepared to give the DMS Compliance Examiner all the original documents, and one set of photocopies and a 5x7 or 8x10 inch envelope.

If the application is rejected, the DMS Compliance Examiner will hold the paperwork until the reason for the rejection has been satisfied.

NOTE: An initial inspection fee of \$40 will be charged; subsequent inspection fees (if applicable) are \$20 per inspection.

III. DOCUMENTATION REQUIRED AND SPECIAL INSTRUCTIONS:

After the provisions of section 319.23, F.S., have been met, the following documents must be submitted and screened for completeness and accuracy:

The MAKE will be ASPT and the model YEAR will be the year the motor vehicle, mobile home, trailer, or off-highway vehicle is assembled. An "FLA" (Florida Assigned Vehicle Identification Number) decal or "FLT" (Florida Assigned Trailer Number) will be assigned by a DMS Compliance Examiner to the motor vehicle, mobile home, or trailer when the application is reviewed and found to be in order. The motor vehicle, mobile home, trailer or off-highway vehicle, will be branded as "assembled from parts."

A. Using frames from motor vehicles, mobile homes and motorcycles titled in Florida or out of state:

1. The Florida Certificate of Title issued in the applicant's name or accurately assigned for transfer to the applicant. (Once title is received, the database record will be marked "Cancelled (Junked)." If a certificate of title cannot be obtained, see DMS Procedure TL-07.

or,

The out-of-state proof of ownership issued in the name of the applicant or accurately assigned/completed for transfer to the applicant. If title cannot be obtained, see DMS Procedure TL-07.

NOTE: If the proof of ownership used is a certificate of destruction or salvage unbuildable certificate of title (issued prior to 10/01/00), submit a bill of sale showing the vehicle identification number along with a photocopy of the certificate of destruction or salvage unbuildable certificate of title. (Do NOT submit the original certificate of destruction or salvage unbuildable certificate of title).

D. Assembled from Parts Trailers (TL body type, Weighing 2,000 pounds or more):

The documentation for the trailer (TL) must be submitted to a DMS Regional Office servicing the area in which the applicant resides. A temporary license plate may be issued by the DMS Regional office in order for the customer to transport the trailer to be weighed or inspected. When issuing a temporary license plate in FRVIS, go to registration, original, regular, choose Menu at the top and "Create a TIN Number." The system will create a TIN number, which will identify the trailer until the new FLT is assigned. If found to be in order a DMS Compliance Examiner will assign an "FLT" number to the trailer. The "FLT" number must be either die-cut (1/4 inch stamp) or welded to the trailer in a permanent and visible location, usually on the tow hitch or near the front portion of the trailer. The die-cut or welded number must include the prefix "FLT". The placement of the "FLT" identification number on all ASPT trailers must be inspected by a DMS Compliance Examiner. If the trailer identification number is not legible, the certification will not be approved.

NOTE: Only trailers (TL) weighing 2,000 pounds or more are required to be titled. Trailers (TL) with a net weight of 1,999 or less are not allowed to be titled.

IV. MISCELLANEOUS INFORMATION:

- A. Some confusion may exist when a Manufacturer’s Certificate of Origin (MCO) for a crank case or transmission case is submitted. This MCO only covers the crank case or transmission case, not the engine or transmission. Accordingly, the submission of the crank case or transmission case MCO does not do away with the requirement for a bill of sale or receipt for the engine or transmission.

FREQUENTLY ASKED QUESTIONS AND ANSWERS (ASSEMBLED FROM PARTS)

1. Q. Can I take parts from two (2) or more vehicles that have been branded as a Certificate of Destruction (CD) and create an ASPT from these parts?
A. No. However, you can take parts from three (3) or more CD vehicles to create an ASPT as long as 49% or less of the parts came from a single CD vehicle.
2. Q. Can I take parts from a CD and add new aftermarket or used parts to the CD vehicle parts and create an ASPT?
A. Yes, as long as 49% or less of the parts come from a single CD vehicle.
3. Q. At what point would it be considered that I am rebuilding the CD vehicle?
A. When 50% or more of the parts used to build the ASPT came from a single CD vehicle.
4. Q. Can I take parts from a CD vehicle and utilize them on another CD vehicle and create an ASPT? (By calling it an ASPT, we are assigning a new FLA VIN and not using the CD vehicle's original VIN.)
A. No. See Question 1 above.
