G. Valid Title means, the actual certificate of title issued by the state of Florida.

### III. GENERAL INFORMATION

The following information provides basic guidelines for understanding the intent of the procedure.

A. The following steps in FRVIS will allow you to determine if a vehicle is registrant possible:
   Go to Miscellaneous, Inquiry, Misc. Registration Inquiries, Vehicle Class Combination. Enter the applicable information/class code for the vehicle. If the vehicle is registrant possible, the “registrant possible” box will automatically display a check mark when the information is retrieved.

B. A license plate must be issued to a lessee/registrant leasing a vehicle to which a valid title exists, unless the vehicle’s class code is NOT lessee/registrant possible (see section III.A. above).

C. When a lease vehicle is titled for the first time in Florida, the registration will be issued in the lessee/registrant's name when the vehicle’s class code is lessee/registrant possible. The customer must submit documentation, which verifies the name of the lessee/registrant and includes a description of the applicable vehicle.

**EXAMPLES:** Lease documentation, a power of attorney, etc., which displays the lessee name and description of the vehicle.

D. If the lease vehicle displays a license plate in the name of the lessor/owner (which would have been issued prior to 07/01/05), this license plate may be assumed by the lessee/registrant when the license plate resides on a "registrant possible" class code and will be assigned to the same vehicle. Verification for a license plate assumption must be provided by submitting a copy of lease documentation, which verifies the name of the lessee/registrant and includes a description of the applicable vehicle.

E. If the lessee/registrant already has a license plate issued in his or her name as a lessee/registrant, the license plate may be transferred to another lease vehicle or private owned vehicle.

F. Any time the registration period is being extended, a new decal must be issued, even if the year of expiration is the same as the original decal.

### IV. RENTAL/LEASE DOCUMENTATION REQUIRED WHILE USING/OPERATING VEHICLE:

A. Date of rental and time of exit from rental facility;
B. Rental station identification;
C. Rental agreement number;
