PROCEDURE # TL-04

SUBJECT: CORRECTIONS/CHANGES TO THE CERTIFICATE OF TITLE OR LIEN INFORMATION

F. Used Car Non-Delivery or Incorrect Certificate of Title Submitted For Transfer:

The dealer must have the certificate of title on the incorrect motor vehicle completed for transfer back to the dealership in the “Transfer of Title by Seller” section. The dealer must hold the certificate of title until it sells the motor vehicle. The dealer does not have to take title in its name.

Application for certificate of title for the correct motor vehicle must be submitted to the tax collector's office with fees and proof that sales tax was paid.

G. Changing the Body Type on the Certificate of Title:

1. Certificate of Title.

2. An accurately completed form HSMV 82100, Affidavit For Change/Alteration of Body, showing the type of body, which was installed on the vehicle.

3. An accurately completed form HSMV 82105, Certified Official Weight Affidavit or a certified weight slip from any business with official scales.

4. Title fees.

This transaction is NOT a correction. It must be processed as a “modify title.”

When a title record needs correcting to show a body type of “DP” (Dump Truck), refer the customer to a Division of Motorist Services Regional Office.

H. Correction of other errors:

For additional title correction information, see the Title and Lien Procedure, which deals with the specific subject matter (i.e., TL-06 for Mandatory Usage Designations, TL-09 for Odometer Disclosure and Declaration, TL-36 for Salvage Certificate of Title application error).

IV. MISCELLANEOUS INFORMATION:

A. If the customer requests to expedite a title correction and receive the paper title, the customer may visit a Fast Title Service site and pay the appropriate fee.

B. When a name or address correction for title or registration is made in FRVIS, all motor vehicle records for that person will reflect the change.

C. When a certificate of title is issued incorrectly because the original MCO contained inaccurate information (make, year, etc.), the dealer must obtain a corrected MCO from the manufacturer to correct the title. The certificate of title, the corrected MCO and an affidavit from the dealer on its letterhead stationery stating the error and the correction required must be submitted to the tax collector's office or license plate agency. The agency will process the title correction and issue a corrected certificate of title.

Division of Motorist Services  
Correction Unit, Mail Stop #72  
2900 Apalachee Parkway  
Tallahassee, Fl. 32399

**E.** When the department receives an application containing an out-of-state certificate of title and the applicant is requesting a correction to the vehicle identification number (VIN), the following should be submitted:

1. An original letter on letterhead stationery from the motor vehicle division of the state the certificate of title was last issued. The letter must state that the vehicle identification number on the certificate of title is incorrect and indicate the correct VIN number.

2. The applicant must have a corrected certificate of title issued in that state before Florida will issue a certificate of title.

There may be situations when the VIN number can be verified as an obvious error (i.e., the National Automobile Theft Bureau (NATB) book or VIN edit shows that an “S” should be a “5”). A Division of Motorist Services Regional office administrator/supervisor has the authority to review and authorize the correction. Instead of one of the two requirements listed above, you may accept written authorization from the administrator/supervisor on letterhead stationery.
