TL-70
SUBJECT:
BONDED TITLE

VEHICLES ELIGIBLE FOR A BONDED TITLE:

- Bonded titles may only be issued due to a private (casual) sale when money is exchanged between a buyer and a seller who is the owner of an automobile, truck weighing less than 8,000 pounds, or a motorcycle, 10 years old or older as of January 1st of the current year but less than 25 years old as of January 1st of the current year.
- The vehicle must have a current Florida paper title as reflected in the Florida Real Time Vehicle Information System (FRVIS) with no security interests, liens, or encumbrances.

VEHICLES NOT ELIGIBLE FOR A BONDED TITLE:

Bonded titles may not be issued to a:

- vehicle with an electronic title
- vehicle less than 10 years of age as of January 1st of the current year
- vehicle older than 25 years of age as of January 1st of the current year
- vehicle titled out-of-state
- vehicle having a National Motor Vehicle Title Information System (NMVTIS) record other than Florida
- vehicle with a security interest, lien, or encumbrance on the title or title record
- vehicle when a security interest, lien, or encumbrance is to be added to the title
- vessel, mobile home, recreational vehicle, or off-highway vehicle
- truck weighing 8,000 pounds or more

Bonded titles cannot be issued as the result of inheritance, gift, divorce, transfer between a married couple, even trade or trade down or any transaction other than defined under Vehicles Eligible for a Bonded Title.

When vehicles are not eligible for a bonded title and a Florida title is still required, refer to TL-07, Application for Certificate of Title on a Motor Vehicle with Alternate Proof of Ownership and Procedure for Securing a Florida Court Order Awarding Ownership.

WHAT IS REQUIRED TO APPLY FOR A BONDED TITLE:

Any customer applying for a bonded title must be a Florida resident or a Florida based business; and provide one of the acceptable proofs of identification as defined in TL-01 which include:

- Valid driver license or identification card issued by Florida or another state or U.S. Territory – American Samoa, Guam, Marianas, Puerto Rico, and U.S. Virgin Islands, or Canada
- Valid passport or passport card from any country
- Be a business registered with the Division of Corporations that can be verified as an active business in SunBiz or provide an active business license from a Florida city or county that can be verified.
PROCEDURE: TL-70  SUBJECT: BONDED TITLE

TITLE RECORD REVIEW:

A review of the FRVIS title record must reflect the name of the person shown as current owner of the motor vehicle, which must also be the same as the name of the owner/seller on the completed form HSMV 82026. Additionally, there can be no security interests, liens, or encumbrances against the motor vehicle.

If the motor vehicle owner’s name reflected in FRVIS is not the same as the seller’s name shown on form HSMV 82026 or if there are any security interests, liens, or encumbrances against the motor vehicle the transaction must be rejected.

A customer with a rejected transaction for seller’s name or security interests, liens, or encumbrances against the motor vehicle must use one of the two options for a title as shown in TL-07, Application for Certificate of Title on a Motor Vehicle with Alternate Proof of Ownership and Procedure for Securing a Florida Court Order Awarding Ownership.

REQUIRED FORMS AND DOCUMENTATION:

- Valid driver license or identification card, or valid passport or passport card (individual) or Division of Corporations, SunBiz (active status), or Verifiable (active status) Florida City or County Business License (business)
- HSMV 82026, Declaration of Facts to Accompany Application for Bonded Title
- HSMV 82033, Title Surety Bond for a Motor Vehicle
- HSMV 82040, Application for Certificate of Title
- HSMV 82042, Vehicle Identification Number and Odometer Verification Declaration of Facts or Section 8 completed on HSMV 82040
- Kelley Blue Book (current) screenshot of Private Party Range Value* for vehicle (clear copy)

If any of the required documentation is missing, incomplete, or illegible the transaction must be rejected until the required documentation is received.

*Kelley Blue Book “Private Party Range Value”, “current retail value”, and “retail value” as used in this procedure are speaking to the same amount.

IDENTIFICATION:

The customer applying for a bonded title must provide acceptable proof of identification:

- Valid driver license or identification card issued by Florida or another state or U.S. Territory – American Samoa, Guam, Marianas, Puerto Rico, and U.S. Virgin Islands, or Canada, or
- Valid passport or passport card from any country, or
- Be a business registered with the Division of Corporations that can be verified as an active business in SunBiz or provide an active business license from a Florida city or county that can be verified.
**PROCEDURE:** TL-70  
**SUBJECT:** BONDED TITLE

The officer/agent signing for the business must specify their “official title” on the paperwork. If proof that they are an officer/agent of the business cannot be found in SunBiz, they must provide an original letter on business letterhead authorizing them to sign for the company which is signed by someone other than themselves. If they are the sole owner of the business this must be stated in the letter or provided by an affidavit with a perjury clause.

If the customer cannot provide acceptable identification, as shown above, the transaction must be rejected.

**POWER OF ATTORNEY:**

If the person signing on behalf of the individual customer or company is authorized by a power of attorney, they must provide a copy of their acceptable identification with the power of attorney.

**FORM HSMV 82026:**

All sections of the form must be completed legibly. If any information is missing from the Motor Vehicle Description or Affidavit of Vehicle Ownership, other than the Florida title number, the form must be rejected.

The vehicle details must match the vehicle details as shown in the FRVIS record.

The applicant/owner details must match the information provided on accepted identification.

The current retail value of the motor vehicle must be the same current retail value shown on the screenshot from the current Kelley Blue Book used motor vehicle valuation guide. The screenshot should show the residential zip code of the applicant/owner, the value of the vehicle based on a “Private Party Sale”, and a vehicle condition of “good” or better than good.

Current retail valuations that were obtained using a zip code other than the applicant/owner’s, a “trade-in” or value other than “Private Party Value”, or a vehicle condition that is less than “good” must be rejected.

The applicant/owner must provide explicit details explaining how they obtained the vehicle, why they do not have the title to the vehicle, and what steps they have taken to contact the owner/seller to obtain a duplicate title. The details must be clear and easy to understand. The signature of the applicant/owner must also be captured.

If any of the above described information is missing or inaccurate, the application will be rejected until all requirements have been met.
FORM HSMV 82033:

The bond expires three (3) years from the date of issuance of the bond, the bonded title brand is removed from the title record three (3) years from the date of the issuance of the title; therefore, you must ensure the bond will be in force for the three (3) years required by statute.

If the bond will not cover three (3) years based on the date of the issuance of the title the customer must obtain an amendment to the bond to include the full three (3) years.

All sections of form HSMV 82033 must be accurately and legibly completed. The form is null and void if the signatures of the Principal (owner & co-owner, if applicable) and Surety Agent are not on the form.

The “Current Retail Value” shown on form HSMV 82033 must be the same amount as what is shown on the Kelley Blue Book valuation and on form HSMV 82026 in the space labeled “Current Retail Value of the Motor Vehicle”.

The “Penal Sum” shown on form HSMV 82033 must be at least two times the amount of the “Current Retail Value” on the form which is the same current retail value as shown on the Kelley Blue Book valuation and on form HSMV 82026.

When a Surety Bond is presented with alterations, corrections, incorrect vehicle information, or incorrect or insufficient amounts showing in the Current Retail Value or Penal Sum, the bond must be rejected for the issuance of a new bond or an amendment for the current bond from the Surety Company.

Surety Companies must be licensed to issue bonds in the State of Florida. Surety companies and their agents may use electronic or embossed seals and signatures; however, if the seal or signature is missing the form must be rejected. An amendment to a surety bond to correct an error in either of the amounts shown on the form is acceptable.

Any alteration of this document necessitates the issuance of a new bond or an attached amendment from the Surety Company.

**FORM HSMV 82040:**

Form HSMV 82040 is required for every bonded title transaction. All required information must be complete and legible.

Section 8 may be completed in lieu of a separate motor vehicle identification number verification on form HSMV 82042.

Section 9 must be completed if the Florida based business has a Florida sales tax registration number.

Mileage cannot be represented as “actual” without an “odometer disclosure” containing the printed names and signatures of the seller and the buyer.

**FORM HSMV 82042:**

A vehicle identification number verification is required by Section 319.23(7) for all vehicles that are submitted for titling as a bonded title. In lieu of HSMV 82042, the verification can be completed using Section 8 of HSMV 82040.

**LIENS:**

A bonded title cannot be issued if the purchaser has an unpaid balance on their bill of sale, or if they are securing financing for a lien.

Liens cannot be added to a bonded title after it is issued.

**KELLEY BLUE BOOK VALUATIONS:**

The Department has selected Kelley Blue Book as the valuation guide for all vehicles that are titled with a Bonded Title (BT) brand.

A screenshot (clearly legible) from a current Kelley Blue Book motor vehicle valuation guide must be provided with the documentation for the bonded title. The value must be obtained by using the applicant/owner’s residential zip code, mileage, vehicle options, vehicle color and vehicle’s condition (which at a minimum must be “good”). The amount shown for the “Private Party Value” is the amount recorded in the “Current Retail Value of the Motor Vehicle” section on form HSMV 82026 and the “Current Retail Value” section on form HSMV 82033.

Current retail valuations that were obtained using a zip code other than the residential zip code of the applicant/owner, a “trade-in value” or value other than “Private Party Value”, or a vehicle condition that is less than “good” must be rejected until all requirements are met.

PROCEDURE: TL-70

SUBJECT: BONDED TITLE

BILL OF SALE:

If the applicant/owner for the bonded title has a bill of sale from the owner as shown in the FRVIS record who is also the seller of the vehicle, and if the bill of sale contains a complete description of the vehicle, purchase date, buyer’s and seller’s printed names and signatures and the selling price of the vehicle; the selling price may be used to collect sales tax on the purchase. However, the selling price on the bill of sale cannot be accepted as the current retail value unless the selling price and the Kelley Blue Book “Private Party Value” are the same. If no bill of sale as described is presented, sales tax is collected on the current retail value.

COLLECTION OF SALES TAX:

Sales tax is to be collected on all bonded title transactions based on the current retail value of the motor vehicle or the sales price as shown on an appropriate bill of sale as described in the section titled “Bill of Sale”.

A Florida based business with a valid Florida Sales Tax Registration Number should provide the registration number in Section 9 on form HSMV 82040.

Advise the customer, if the bill of sale reflects a price that is less than 80% of the current retail value, a review of the transaction by the Florida Department of Revenue may occur.

Bonded titles cannot be issued as the result of inheritance, gift, divorce, transfer between a married couple, even trade or trade down.

HOW DO YOU REMOVE THE BONDED TITLE BRAND FROM THE TITLE:

FRVIS captures the issue date of the bonded title as the effective date and systematically removes the brand from the title three (3) years from the effective date. FRVIS will retain the information for the bonded title in History. Once the brand is removed from the title record the customer may request a duplicate title without the brand, title fees apply.

HOW DO YOU HANDLE A BONDED TITLE FROM OUT OF STATE:

If the customer is surrendering an out of state title that reflects “Bonded Title” the Brand will not be carried forward on the Florida title. However, the customer must provide a copy of the Surety Bond issued to obtain that bonded title, for imaging with the title documents. If the customer does not provide a copy of the Surety Bond the Florida title cannot be issued.
